## CITY OF POTTEVILLE

### WINTER PUBLIC SAFETY ANNOUNCEMENT

Be advised that motor vehicles and/or trailers should be removed from right of ways of public streets in the City of Potterville during evening and early morning hours of 2:00 am and 6:00 am of any day.

During periods of heavy snow fall the City requests NO PARKING ON STREETS at any time to allow DPW crews to clear streets.

Please keep public streets clear from parked cars as much possible during winter storm periods.

When snow conditions exist, take added precautions for snow plow vehicles on the road.  
Remember...

- Always leave extra space between your vehicle and a snow plow.
- Avoid passing or driving snow plows while they are clearing snow or spreading salt/sand debris.
- Be aware snow plows make frequent stops and have large blinds spots that hide objects from the vision of the operator.
